**Dear Mohammad:**

**I want to thank you for bringing a number of your colleagues to Oklahoma City during a time of great crisis and grieving. We appreciate you coming and helping us at Feed The Children.**

**It was a great disservice to you and to your people when word was first announced that it was possibly someone from the Middle East who had bombed the Federal Building. As you know, we Americans are sometimes too quick to judge. Forgive us!**

**If we can further work together on different projects, please give Feed The Children a call. Our world has become a very small place to live and life is too short to entertain judgement on groups whether it be from an ethnic, political, religious or racial point of view.**

**May we work together to make no only the world a better place ... but a safe place.**

**For the children,**
